# PREMIUM PRODUCE EXPORTED AROUND THE GLOBE.

We utilise our advanced distribution network, in-depth market knowledge, and superior logistics matrix to consolidate and expedite distribution to provide our international customers with the exact produce they require.

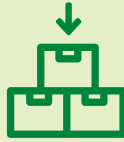

01

## Picking and Selecting Produce

Our caring farmers, and world-class practices, ensure we grow, pick, and select the highest quality produce to send to tables around the world.

02

## Packing Produce

Our sophisticated technology and packing systems guarantee that our global customers receive only the freshest and tastiest produce.

03

## Air Flown Produce

Our global distribution infrastructure, and network of established logistic partners, ensures efficient delivery of our Australian produce to our customers within 24 hours\*.
