

## WITH US.

Fresh Produce Group is a leading grower and exporter of grapes into the Asian region. We are a vertically integrated company specialising in growing, harvesting and marketing of consumer-driven grape varietals.

We have vineyards located in premium Australian grape growing regions.

We grow high flavour, high quality varieties from world leading breeding programs such as IFG, Sun World, Sheehan and Stargrow.

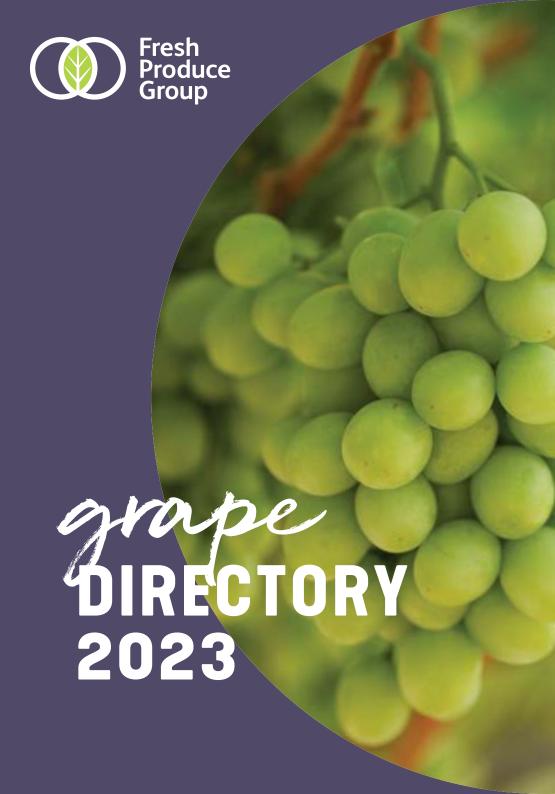

Our grapes are grown, harvested and shipped with the highest standard of care, directly from our farms to anywhere in Asia.
